Professional Summary

Backend Developer with a strong foundation in Python, Django, REST APIs, PostgreSQL, and web application development. Currently working as a **Business Development Intern at Swizosoft Private Limited**, where I have strengthened communication, stakeholder management, and problem-solving skills. Passionate about building scalable backend systems and continuously improving through Data Structures and Algorithms practice on LeetCode and GeeksforGeeks. Seeking an entry-level Software Developer role to contribute to high-quality software solutions.
